## Mirror

To dream of your own reflection in the mirror suggests that you are pondering thoughts about your inner self. The reflection in the mirror is how you perceive yourself or how you want others to see you. You may be contemplating on strengthening and changing aspects of your character. ♦ If you dream that that you do not see your reflection in a mirror implies that you have lost your self-identity. Perhaps you have changed for the benefit of others that you don't know who you are anymore.

To dream that you are looking through a two-way mirror indicates that you are coming face to face with some inner or worldly issue. What you see is related to your persona and subconscious. Seeing images through the mirror may be a safe way for you to consider and/or confront material from your subconscious. Mirrors symbolize the imagination and the link between the conscious and subconscious. But if you are being watched through a two-way mirror, then it suggests that

you feel you are being scrutinized and criticized. Alternatively, the dream means that you are unwilling to acknowledge your subconscious emotions.
