Reading Auras

Reading auras is a natural part of the communication process – just as natural as listening to your partner speak, or observing body language.

In fact, reading auras is another layer of communication that when utilized, can open up an entire new [world of](#) information to you.

Everyone has an aura. And, as I cited in a previous article ([How To See Auras](#)), everyone can either see or at least sense their own auras and other people's auras too.

Once we get more comfortable with seeing auras, interpreting them with our psychic perceptions and intuitions gives us amazing insight and clarity into the human design.

Copping Clues: What Reading Auras Can Reveal

Identify health levels and physical condition of the body

Identify moods in you and others

Identify thought patterns

Identify past life activity

Identify energetic flow of body/emotion/thought

Identify patterns of energy which allude to future outcomes (foretelling)

Identify energetic connections shared with environment and their interplay

These are just a few ideas relating to the vital information residing in auras. As you work with auras – you begin to understand you are seeing life–energy (chi, prana, life–force).

This life–energy is an emanation and a direct product of the source. For example, if you are feeling or seeing the aura of your best friend, you are experiencing an energetic reflection. The aura is mirror, [casting](#) a reflection of your friend's internal condition.

Professional auric readers are so practiced at reading auras, they can identify trouble areas in the body. From their diagnosis, their client's can seek holistic, alternative, or traditional medicinal therapies for healing.

Reading auras has other practical benefits too. Used wisely and [with love](#), reading the information provided by auric energy can transform relationships, augment business partnerships, and blaze trails into innovative paths of thought/behavior.

For example, I used to work in a high-pressure business environment. I would read auras during corporate meetings as a way to understand interoffice dynamics. Reading auras in the [conference room](#) gave me an [inside track](#) on personalities, motivations, strategies of each of the key players involved in the meeting.

Knowing this allowed me to act on the needs of the group, and provide solutions to their problems from an inner standpoint. The results were always viewed as miraculous by my peers – but I knew it was as simple as reading energy and acting on it in a supportive way.

You can do this too. Whether in the boardroom, or in the [dining room](#) at home. Tap into auras as a new way of communication. Just as easy as listening to conversation – reading auras will give you a new dimension in perception.
